# MARIO CHIODO'S NIGHTMARE COLLECTION

BY GHOULISH PRODUCTIONS

*Mario Chiodo*

## Welcome to the Nightmare Collection by Mario Chiodo!

"After 35 years of designing monsters and characters masks for Halloween and Cosplay, I felt it was time to introduce the younger generations to the original classic characters but with new twists. I experimented with larger sizes and new shapes and added puppetry features to some characters.

I designed movie-quality impressive costumes to spook everyone at the party with their moving parts.

I hope you enjoy these new versions of creatures and characters who have made Halloween the best holiday of the year!"

# URBAN MASKS

“The Urban Masks Line are based on the worldview of a great City that tries to recreate a revalorized ancient environment, a mix between luxury, an industrial and even vintage style”.

“The masks were made with a reinforced latex formula in black tone for greater depth; resistant straps were added to prevent falling down. Its neutral base color gives it a classic, street and carefree look. “

# BE GREEN BE

All GHOULISH products are born in a natural and organic process with 100% natural latex.

**WE DON'T CUT DOWN ANY TREES!**  
Rubber trees exude latex through a small cut so they live peacefully.

We work with **331 photovoltaic cells** that represent more than 13,500 square feet that converts solar energy into useful electricity, so that the factory reduces environmental impact.

Rubber trees exude latex through a small cut, **they have more than 40 years of lifespan** before planting a new tree, and the thousands of trees process carbon dioxide from the atmosphere.

The pigments we use to paint our masks are of **natural origin** so they do not contain lead or metal loads.

To reduce our consumption of single-use plastics, we build 3 Stainless Steel Hoppers to store over 24 tons of latex and reduce consuming more than 2,000 plastic drums a year.

**SUSTAINABILITY STATEMENT**

WE DO NOT POLLUTE LIKE THE MANUFACTURER OF PLASTIC, PVC OR SILICONE MASKS.
